RE: Work Plan Approval
Cumberland Farms #4024 SMS Site #99-2692 and former Utton's Muffler SMS #1996-1953
Montpelier, Vermont

Dear Ms. Polleys:

The Sites Management Section (SMS) has reviewed the work plan to address petroleum contamination at the above referenced sites. The work plan was submitted electronically by Mark Drouin, ENSR, and is dated April 5, 2006.

The SMS concurs with the technical elements of the work plan and approves its implementation. The approved cost is $9,986 for 1 year of quarterly groundwater sampling and reporting in 2006 on the Cumberland Farms property and recently purchased Utton's Muffler property.

Due to the recent purchase by Cumberland Farms of the neighboring Utton's Muffler, the two sites will now be managed by me as one site under SMS #99-2692.

If I can be of assistance feel free to contact me at gerold.noyes@state.vt.us or (802) 241-3877.

Sincerely,

Gerold Noyes

Gerold Noyes, P.E.
Environmental Engineer
Sites Management Section

CC: Mark Drouin, ENSR (via electronic mail)
