Importance: High

Thank you so much Molly – that was so fast! Can you confirm that these were also set-up as limited service as indicated originally? Environmental Scientist II – 660449 (1.5 years), and Environmental Analyst IV – 660450 (1 year). Many thanks!

Subject: RE: pool positions

Hello Molly – thank you so much for such a quick response by AoA and DHR for us on these two positions. Neither of the positions are supervisory and both are to be limited service. One is an Environmental Scientist II for our Wetlands Program which is to be limited service for 1.5 years, and the other is an Environmental Analyst IV for the PFOA contamination related efforts underway and will be limited service for 1 year. They are both listed on the attached sheet (1st one listed and 3rd one listed) which has the Dept ID information, workstation location and the supervisor to whom each position will be reporting to (Laura Lapierre and Matt Moran respectively).

If there is anything else you need whatsoever please let me know and I'll work diligently to get the information provided. Thank you again Molly!

Subject: pool positions

Hi Joanna,
Maribeth just told me DEC has been approved for two positions from the pool, and asked me to reach out to you to help move this forward.

If you are creating positions in existing job classes we only need RFRs if they will be supervisory or managerial. Of course we are always happy to receive RFRs, but we can waive the requirement to help expedite the process.

We will need the dept id, and zip code as well.

Take care,
Molly
