APPENDICES

1. Sites Searched For But Not Located..... 293
2. Sites Not Qualifying as Waterfalls, Gorges or Cascades..... 294

   91. Hemlock Gorge..... 295
   92. Imaginary Falls..... 296
   93. Gully Brook Ravine..... 297
   94. Big Branch Ravine..... 299
   95. Troy Four-Corners Swimming Hole & Jay Branch Gorge..... 302
   96. Cady Falls..... 303
   97. Bethel Falls..... 304
   98. Wardsboro Brook Ravine..... 305
   99. McIndoe Falls..... 307

3. Waterfalls and Gorges that Have Not Been Surveyed. 309
4. Corrections and Amplifications..... 311

TABLES

1. Classification of Rock Faces According to the Processes That Create and Maintain Them..... 14
2. Geomorphological Classification of Waterfalls and Gorges..... 17
3. Association of Features & Rock Types..... 20
4. Small Cascades and Falls..... 27
5. Large Falls and Cascades..... 29
6. Small Gorges..... 31
7. Large Gorges..... 32
8. Sculptured Features..... 34
9. Chains of Pools and Cascades..... 35
10. Status of Rare and Scarce Vascular Plants for which River Gorges are the Preferred Habitat in Vermont..... 40
11. Bryophyte Flora..... 42
12. Bryophytes that May be Rare in Vermont..... 44
13. Rare Vascular Plant Records, by Species..... 45
14. Rare Vascular Plants, by Site..... 48
15. Important Botanical Sites..... 53
16. Sites Where Flow Diversion May Have Damaged the Biology..... 56
17. Swimming Holes..... 57
18. Sites Popular With Tourists..... 59
