Guide to FEMA Technical Bulletins*

- **Guide-01 User's Guide to Technical Bulletins** (pdf, 175kb)
  Provides a list of available technical bulletins, a key word/subject reference index for all the bulletins, and information about how to obtain copies of the bulletins.

- **1-93 Openings in Foundation Walls** (pdf, 138kb)
  Provides guidance on the NFIP regulations concerning the requirement for openings in below-Base Flood Elevation foundation walls for buildings located in Zones A, AE, A1-A30, AR,AO, and AH.

- **2-93 Flood-Resistant Materials Requirements** (pdf, 466kb)
  Provides guidance on the NFIP regulations concerning the required use of flood-damage resistant construction materials for building components located below the Base Flood Elevation in Special Flood Hazard Areas (both A and V zones).

- **3-93 Non-Residential Floodproofing - Requirements and Certification** (pdf, 151kb)
  Provides guidance on the NFIP regulations concerning watertight construction and the required certification for floodproofed non-residential buildings in Zones A, AE, A1-A30, AR, AO, and AH whose lowest floors are below the Base Flood Elevation.

- **4-93 Elevator Installation** (pdf, 93kb)
  Provides guidance on the NFIP regulations concerning the installation of elevators below the Base Flood Elevation in Special Flood Hazard Areas (both A and V zones).

- **6-93 Below-Grade Parking Requirements** (pdf, 112kb)
  Provides guidance on the NFIP regulations concerning the design of below-grade parking garages beneath buildings located in Zones A, AE, A1-A30, AR, AO, and AH.

- **7-93 Wet Floodproofing Requirements** (pdf, 159kb)
  Provides guidance on the NFIP regulations concerning wet floodproofing of certain types of structures located in Zones A, AE, A1-A30, AR, AO, and AH.

- **10-01 Ensuring that Structures Built on Fill In or Near Special Flood Hazard Areas are Reasonably Safe From Flooding** (pdf, 853kb)
  This technical bulletin discusses building techniques, including the use of fill, that can be used to ensure structures are reasonably safe from flooding.

- **11-01 Crawlspace Construction for Buildings Located in Special Flood Hazard Areas** (pdf, 608kb)
  Provides interim guidance on minimum NFIP requirements as well as best practices for crawlspace construction in the Special Flood Hazard Area.
