

DEC Stormwater Infrastructure Mapping Project

This map shows the connectedness of the stormwater infrastructure and was compiled from various sources including Town plans, WWMD plans, Stormwater permit plans, municipal member knowledge, field data, and a mapping grade GPS.

This map is for illustrative purposes only. The accuracy of the data layers shown on this map are limited by the accuracy of the source materials and field data collection. No warranty as to the accuracy or the usefulness of the data is expressed or implied. It is meant to be used as a planning level tool only.

Storm line Roof drain Storm line (old Sanitary line) Infiltration pipe

- Tunnel (storm) French drain
- ► Combined sewer ---- Trench drain Emergency spillway Sanitary line → Swale Stream
- Footing drain → Overland flow ----- Under drain

Town Boundary

Catchbasin

- Dry Well Drop Inlet
- Grate/Curb Inlet
- Yard drain CB tied to sanitary sewer
- Junction Box
- Stormwater Manhole Outfall
- Pipe Cross (not connected)
- Culvert outlet
- Pond outlet structure
- Treatment feature
- Retrofit
- **Unknown Point** Information Point

Stormwater Areas

Existing Area Proposed Area

- Proposed Dry well

- Proposed Drop inlet

Proposed Culvert inlet

- ---- Proposed Roof drain Proposed Yard drain
- Proposed Stormwater manhole
- ----- Proposed Under drain
 - Infiltration pipe
- Proposed Pond outlet structure ---- Proposed French drain
- Proposed Outfall Proposed Emergency spillway
- Proposed Culvert outlet
