

DEC Stormwater Infrastructure Mapping Project

This map shows the connectedness of the stormwater infrastructure and was compiled from various sources including Town plans, WWMD plans, Stormwater permit plans, municipal member knowledge, field data, and a mapping grade GPS.

This map is for illustrative purposes only. The accuracy of the data layers shown on this map are limited by the accuracy of the source materials and field data collection. No warranty as to the accuracy or the usefulness of the data is expressed or implied. It is meant to be used as a planning level tool only.

Storm line Roof drain Storm line (old Sanitary line) Infiltration pipe Tunnel (storm) French drain ► Combined sewer ---- Trench drain

----- Under drain

Town Boundary

Emergency spillway Sanitary line → Swale ----- Stream Footing drain

→ Overland flow

Catchbasin

Dry Well Drop Inlet

Grate/Curb Inlet

Yard drain CB tied to sanitary sewer

Junction Box Stormwater Manhole Outfall

Pipe Cross (not connected)

Culvert inlet

- Culvert outlet
 - Pond outlet structure
 - Treatment feature
 - Retrofit
- **Unknown Point**
- Information Point
