

DEC Stormwater Infrastructure Mapping Project

This map shows the connectedness of the stormwater infrastructure and was compiled from various sources including Town plans, WWMD plans, Stormwater permit plans, municipal member knowledge, field data, and a mapping grade GPS.

This map is for illustrative purposes only. The accuracy of the data layers shown on this map are limited by the accuracy of the source materials and field data collection. No warranty as to the accuracy or the usefulness of the data is expressed or implied. It is meant to be used as a planning level tool only.

Storm line (old Sanitary line) Infiltration pipe Tunnel (storm) French drain Combined sewer ---- Trench drain

Sanitary line Emergency spillway → Swale Stream Footing drain → Overland flow

----- Under drain

160 Meters

- Drop Inlet
- Grate/Curb Inlet
- Yard drain CB tied to sanitary sewer

Pipe Cross (not connected)

Junction Box

Outfall

- Stormwater Manhole
- Culvert outlet
- Pond outlet structure
- Treatment feature
- Retrofit
- **Unknown Point**
- Information Point

## **Stormwater Areas**

Existing Area

Proposed Area
