Re: Request for Categorical Exclusion
City of St. Albans
Wastewater Treatment Facility Refurbishment

Dear Mr. Joslin,

The Environmental Information Document for the above referenced project has been submitted under separate cover by Aldrich + Elliott to satisfy the requirements of the environmental review procedure. The project consists of refurbishment of the existing wastewater treatment facility located on Rewes Drive. Since this project does not include any increase in capacity, it is eligible for a categorical exclusion from a detailed environmental review. Therefore, the City of St. Albans requests that a Categorical Exclusion be issued for this project.

Upon review, please feel free to call with any questions. If you require any additional information, please contact us or our engineer, Wayne Elliott at Aldrich+Elliott.

Sincerely,

City of St. Albans

Cc: Wayne Elliott, Aldrich + Elliott
