Notice of Determination of Eligibility for Categorical Exclusion

Charette's Mobile Home Park WSID #5621  
Water System Improvements  
DWSRF Project Number WPL-166 and RF3-267

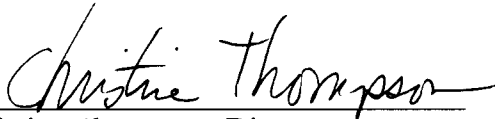

In accordance with Section VII of the Department's Environmental Review Procedures for projects funded through the Vermont/EPA Revolving Loan Fund Program, the Housing Foundation, Inc. has requested its proposed water improvement project at Charette's MHP be evaluated for eligibility for a Categorical Exclusion exempting the project from detailed environmental procedures required for projects having a significant environmental impact.

The project consists of installation of a second 5,000-gallon water storage tank, a 3-inch PVC fill line, and a fill hydrant to facilitate bulk water deliveries.

Our consideration of the Housing Foundation, Inc.'s request included reviewing environmental information and documentation completed and submitted by Stevens & Associates, PC. At the completion of this independent evaluation, the Department has determined the project meets the criteria for receiving a Categorical Exclusion. The project will correct water system deficiencies and does not meet any of the criteria resulting in denial of an exclusion.

Further information on the project and this determination are available for inspection on the second floor of the VSAC Building on 10 East Allen Street, Winooski, Vermont. In addition to the applicant, a copy of this determination will be sent to a list of stakeholders and posted on the Drinking Water and Groundwater Protection Division's website.
