MEMORANDUM

To: Eric Blatt

From: Eric J. Law 

Date: September 14, 2010

Subject: Categorical Exclusion (CATEX) without the submittal of a formal request for the
Stamford Elementary School Water System
RF3-245

Stamford Elementary School's water system project is eligible for a categorical exclusion per 40 CFR Part 6.204, Procedures for Implementing the National Environmental Policy Act (NEPA) and Assessing the Environmental Effects Abroad of EPA Actions, and the Vermont State Environmental Review Process (SERP). This finding is based on my review of as-built drawings which confirms the project was confined to the existing building with no environmental or archeological impacts outside the building's interior footprint.
