

## Drinking Water State Revolving Fund (DWSRF)

### **DWSRF Guidance Document Number 12 Preliminary Engineering Report**

The DWSRF Project Lead shall not approve a Step II loan without Preliminary Engineering Report acceptance by Drinking Water and Groundwater Protection Division (DWGWPD).

DWGWPD will review Preliminary Engineering Reports for permit-ability, adherence with Water Supply Rule, and the chosen alternative's life-cycle cost to the system, including ongoing O&M.

If an applicant is seeking Step III funding and did not use the DWSRF to fund Step I or Step II, an applicant is not required to submit a PER to meet the conditions of the DWSRF. The applicant may be required to complete a PER as part of the Permit to Construct application.

Drafted by: Ashley Lucht, DWSRF Project Lead

Approved by: Terisa Thomas, WIFP Supervisor

Approved by: Eric Blatt, FED Division Director
