Notice of Determination of Eligibility for Categorical Exclusion

Barnet Fire District #2, WSID #5029
Barnet, VT
Anderson & Church Streets/Stevens River Crossing
DWSRF Loan WPL-303-2.0

In accordance with Section VII of the Department's Environmental Review Procedures for projects funded through the Drinking Water State Revolving Fund (DWSRF) Program, the Barnet Fire District #2, located in Barnet, VT has requested its proposed water improvement project be evaluated for eligibility for a categorical exclusion exempting the project from detailed environmental procedures required for projects having a significant environmental impact.

Replacement of drinking water infrastructure along Church Street, Anderson Street, Mill Hill, Monument Circle, and the Stevens River bridge crossing.

Our consideration of Barnet Fire District #2's request included reviewing environmental information and documentation completed and submitted by their engineering consultant, Otter Creek Engineering. At the completion of this independent evaluation, the Department has determined the project meets the criteria for receiving a Categorical Exclusion. The project will correct water system deficiencies and does not meet any of the criteria resulting in denial of an Exclusion.

Further information on the project and this determination are available for inspection by contacting the DWSRF Program at (802) 585-4904. In addition to the applicant, a copy of this determination will be sent to a list of stakeholders and posted on the Water Infrastructure Financing Program's [Environmental Review Determination Notice](#) page.
