Notice of Determination of Eligibility for Categorical Exclusion

Fiddlehead Condominiums, Inc., WSID #5504
Fayston, VT
Water System Improvements
DWSRF Loan RF3-408-2.0

In accordance with Section VII of the Department's Environmental Review Procedures for projects funded through the Drinking Water State Revolving Fund (DWSRF) Program, the Fiddlehead Condominiums, Inc., located in Fayston, VT has requested its proposed water improvement project be evaluated for eligibility for a categorical exclusion exempting the project from detailed environmental procedures required for projects having a significant environmental impact.

Drilling a replacement well for an existing water system to address PFAS contamination in existing source. New well will draw upon the same aquifer. Also includes new transmission line and connect to water system.

Our consideration of Fiddlehead Condominiums, Inc.'s request included reviewing environmental information and documentation completed and submitted by their engineering consultant, DuBois and King. At the completion of this independent evaluation, the Department has determined the project meets the criteria for receiving a Categorical Exclusion. The project will correct water system deficiencies and does not meet any of the criteria resulting in denial of an Exclusion.

Further information on the project and this determination are available for inspection by contacting the DWSRF Program at (802) 585-4904. In addition to the applicant, a copy of this determination will be sent to a list of stakeholders and posted on the Water Infrastructure Financing Program's [Environmental Review Determination Notice](#) page.
