Notice of Determination of Eligibility for Categorical Exclusion

Okemo Village Owners Association, Inc., aka Okemo Village Condominiums, WSID #5324
Ludlow, VT
Water System Improvements
DWSRF Loan RF3-400-3.0

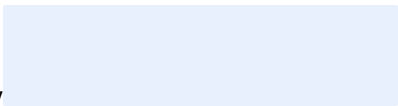

In accordance with Section VII of the Department's Environmental Review Procedures for projects funded through the Drinking Water State Revolving Fund (DWSRF) Program, the Okemo Village Owners Association, Inc., aka Okemo Village Condominiums, located in Ludlow, VT has requested its proposed water improvement project be evaluated for eligibility for a categorical exclusion exempting the project from detailed environmental procedures required for projects having a significant environmental impact.

The project includes the construction of a water treatment system to reduce the concentration of uranium in the Okemo Village Condominiums water system (WSID 5324) to levels below the State Maximum Contaminant Level (MCL) of 20 parts per billion (ppb).

Our consideration of the Okemo Village Owners Association's request included reviewing environmental information and documentation completed and submitted by their engineering consultant, Dufresne Group. At the completion of this independent evaluation, the Department has determined the project meets the criteria for receiving a Categorical Exclusion. The project will correct water system deficiencies and does not meet any of the criteria resulting in denial of an Exclusion.

Further information on the project and this determination are available for inspection by contacting the DWSRF Program at (802) 585-4904. In addition to the applicant, a copy of this determination will be sent to a list of stakeholders and posted on the Water Infrastructure Financing Program's [Environmental Review Determination Notice](#) page.
