

Sheldon Springs, VT

DEC Stormwater Infrastructure Mapping Project

This map shows the connectedness of the stormwater infrastructure and was compiled from various sources including Town plans, WWMD plans, Stormwater permit plans, municipal member knowledge, field data, and a mapping grade GPS.

This map is for illustrative purposes only. The accuracy of the data layers shown on this map are limited by the accuracy of the source materials and field data collection. No warranty as to the accuracy or the usefulness of the data is expressed or implied. It is meant to be used as a planning level tool only.

Legend

Storm line	Roof drain
Storm line (old Sanitary line)	Infiltration pipe
Tunnel (storm)	French drain
Combined sewer	Trench drain
Sanitary line	Emergency spillway
Swale	Stream
Footing drain	Overland flow
Under drain	

0 0.0225 0.045 0.09 Miles

Stormwater Points

Catchbasin	Dry Well
Drop Inlet	Grate/Curb Inlet
Yard drain	CB tied to sanitary sewer
Junction Box	Stormwater Manhole
Outfall	Pipe Cross (not connected)

Stormwater Points

Culvert inlet	Culvert outlet
Pond outlet structure	Treatment feature
Retrofit	Unknown Point
Information Point	

Stormwater Areas

Existing Area	Proposed Area
---------------	---------------

Proposed Storm Point and Line Features

Proposed Catchbasin	Proposed Storm line
Proposed Dry well	Proposed Swale
Proposed Drop inlet	Proposed Footing drain
Proposed Yard drain	Proposed Roof drain
Proposed Stormwater manhole	Proposed Under drain
Proposed Pond outlet structure	Infiltration pipe
Proposed Outfall	Proposed French drain
Proposed Culvert inlet	Proposed Emergency spillway
Proposed Culvert outlet	Tunnel (storm)
