

STATE OF VERMONT

Water Resources Board

RE: Robert Benjamin
Alburg Springs, VT

Dismissal Order
Appeal Subdivision Permit
Application #EC-6-0809

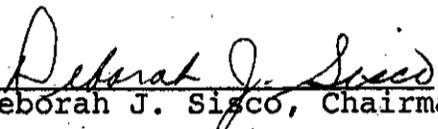

On March 9, 1983, Robert Benjamin filed an appeal with the Vermont Water Resources Board under the authority of section 2.82(E) of the Environmental Protection Rules regarding a one lot subdivision in the Town of Alburg, Vermont. On April 26, 1983, the Water Resources Board by its appointed hearing referee conducted a hearing on this matter at Alburg, Vermont. That hearing was recessed at the request of the parties to afford an opportunity to discuss resolving this case by agreed settlement. Such a settlement has not been reached.

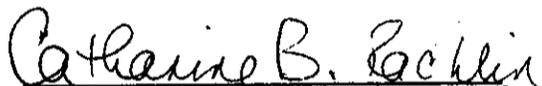

On July 25, 1983, the Agency of Environmental Conservation filed a motion to dismiss this appeal on the grounds that the appellant, Mr. Robert Benjamin has removed his mobile home from the lot in question and is therefore, no longer in violation of the Environmental Protection Rules, Chapter 3, Subdivisions. The Water Resources Board scheduled a hearing on this Motion to Dismiss for 10:00 a.m. on October, 11, 1983, at the South Burlington Municipal Building. Robert Benjamin did not appear at that hearing and did not otherwise indicate any objection to the granting of this Motion.

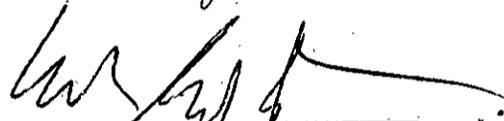

Upon review of its record in this matter, the Board finds that the granting of the Motion to Dismiss is not contrary to the purposes or requirements of section 2.02(E) of the Environmental Protection Rules and therefore orders the dismissal of the appeal of Robert Benjamin.

Dated at South Burlington, Vermont this 11th day of October.
