TO: All Parties In re: Appeal of Management of Lakes and Ponds Permit #89-23 issued to the Department of Fish and Wildlife

FROM: William A. Bartlett, Executive Officer

RE: Withdrawal of Permit

*William
Bartlett*

In a letter to the Water Resources Board dated July 19, 1989, the Department of Fish and Wildlife withdrew Management of Lakes and Ponds Permit #89-23. In light of the permittee's decision not to proceed under the permit in question, the appeals of Robert Marcotte and Robert Gillin are moot and therefore the Water Resources Board considers this proceeding to be concluded.

Please let me know if there are any questions.

Dear Mr. Bartlett:

I am writing to inform you that the Department of Fish & Wildlife has requested the Department of Environmental Conservation to withdraw the lakes and ponds permit used for the Holcomb Bay Access in Isle La Monte. The Department of Environmental Conservation has agreed to withdraw the permit.

While this Department intends to resubmit its application for a lakes and ponds permit in the near future, the withdrawal of the current permit eliminates the need for the board to consider the above captioned appeal.

If you have any questions, please feel free to contact me.

Sincerely,

Joseph M. Healy,
Business Manager
