In re: Ronald and Deanna **Morin**
Docket No. EPR-93-07

DISMISSAL ORDER

On August 12, 1993, Ronald and Deanne Morin of Georgia, Vermont, sent a Notice of Appeal to the Water Resource Board (Board), seeking review of a declaratory ruling issued by the Department of Environmental Conservation, Agency of Natural Resources (ANR). The ANR had determined that a water supply and wastewater disposal permit was required for the Morin residence and accessory apartment in Georgia, Vermont. The Morins purported to file their appeal pursuant to 3 V.S.A. § 2973(c)(4). The appeal was received by the Board on August 17, 1993, and docketed on October 22, 1993.

On September 22, 1993, the ANR entered its appearance and filed a Motion to Dismiss for lack of jurisdiction. On October 22, 1993, the Board issued a notice of appeal, which was published in the St. Albans Messenger on October 25, 1993. On that same date, the Board received a **facimile** copy of a letter, signed by Deanne Morin, requesting that the appeal be dismissed. Ronald and Deanne Morin filed a formal dismissal request on November 12, 1993.

The only parties to this proceeding are the appellants and ANR. No objections or comments were timely filed concerning the **Morins'** dismissal request.

On November 19, 1993, the Board reviewed the file in this appeal. The Board considered the **Morins'** request and determined that dismissal of this appeal, pursuant to Rule 21 of the Board's Rules of Procedure, should be granted.

The above-captioned appeal is hereby dismissed.

Dated at Montpelier, Vermont, this 1st day of December, 1993.
