WATER RESOURCES BOARD

**RE: Judge** Development Corporation (SEC Site #77-0089)  
Town of Williston  
Docket No. UST-94-15

CONTINUANCE ORDER

On May 23, 1995, the Water Resources Board (Board) received a Request for continuance in the above-captioned matter jointly filed by Mark L. Sperry, Esq., of the firm **Langrock Sperry & Wool**, William Griffin, Esq., Office of the Attorney General, and Alex Elliott, Esq., for the Hazardous Materials Management Division (HMMD), Department of Environmental Conservation, Agency of Natural Resources (ANR). This motion was filed to stay the issuance of a prehearing order and enable the appellant and counsel for the State an opportunity to gather more technical information concerning the scope and cost of the remediation required at the subject site as a prerequisite to concluding settlement negotiations in this matter. The parties requested that a continuance be granted for a period of three (3) months. In order to facilitate prompt action by the Board with respect to their request, the parties jointly agreed to waive notice required by Rule 20 of the Board's Rules of Procedure.

At its **regular meeting** on May 31, 1995, the Board considered and granted the parties' joint Request for Continuance.

It is hereby ordered that:

- (1) this appeal be continued until August 31, 1995; and
- (2) a teleconference be held by the parties and the Board's designee on or before August 10, 1995, to determine the status of negotiations in this matter and to establish deadline(s) for filings preliminary to any Board action with respect to this appeal.

Dated at Barton, Vermont, this 7<sup>th</sup> day of June, 1995.
