

Contour Interval 20 feet
Scale 1:24,000

Field Stations, Wells, and Borings, Barre East 7 1/2 Minute Quadrangle, Vermont

by
George E. Springston
2018

Coordinate System: Vermont State Plane, FIPS 4400, NAD 83.
Geographic coordinates shown at topo corners are in NAD 83.
Grid overlay on map is UTM, Zone 18N, NAD83.
Base map data from the Vermont Center for Geographic Information (VCGI).
Shaded Relief derived from 0.7 m lidar DEM, downloaded as a 4.0 m DEM from VCGI.
Digital cartography by George Springston, May 14, 2018.

Additional bedrock outcrops are derived from Murthy (1957) and the Vermont Geological Survey layer "Bedrock Outcrops" hosted by VCGI.

This map and explanatory information is submitted for publication with the understanding that the United States Government is authorized to reproduce and distribute reprints for governmental use.

This geologic map was funded in part by the USGS National Cooperative Geologic Mapping Program under StateMap award number GC17AC00162, 2017.

The views and conclusions contained in this document are those of the authors and should not be interpreted as necessarily representing the official policies, either expressed or implied, of the U.S. Government.
