Mr. Henry Winter
P.O. Box 252
Wardsboro, Vermont 05355

Dear Mr. Winter:

As you know, I obtained water samples from your tap on January 28, 1988. Enclosed you will find a copy of the results of these samples. These samples were tested for hydrocarbon constituents and, of greatest importance, for volatile organic compounds. The results of these analyses show no detectable levels of these contaminants in your tap water.

If you have any questions regarding these analyses, please feel free to contact me at 244-8702.

Sincerely,

A handwritten signature in cursive script that reads "Richard F. Spiese".

Richard F. Spiese, Environmental
Technician
