RE: VT AOT Ascutney Garage; Site #92-1291

Dear Mr. Morissette:

The Sites Management Section (SMS) has reviewed the proposed monitoring well locations for the Ascutney Garage as described in the February 2, 1993 memorandum and site map and approves of all proposed locations. This information was relayed in a telephone conversation between myself and Allan McBean on January 5, 1993. Our Technical Services Section will be sampling the wells within the near future, and will notify you when they are scheduled to be at the site.

If you have any questions, please feel free to call.

Sincerely,

Lynda Wedderspoon, Site Manager  
Sites Management Section
