Subject: PFOA Meeting- VT/NH

Categories: PFOA

Clark- I spoke with Tom today about pulling our teams together to share PFOA information and to discuss Vermont's formula for setting PFOA-related health advisories: drinking water, surface water, soil, etc. We were thinking that this would be an in-person meeting at some point in the near future. Perhaps a mid-way point between our offices would work- White River Junction?

I am working to identify folks on my team/Vermont Health Department who would attend. Then Renita Marshall, my assistant, will be in touch to coordinate schedules.

Tom- Thanks for suggesting this. I look forward to finding a time to get together. -AS
