Subject: FW: pool positions

Categories: PFOA

FYI - Just to close the loop on the 2 limited service positions that we were to be receiving from DHR via the "pool" – I've worked with Molly Paulger today and they are created below. We've notified Marc Roy, Chuck, Laura Lapierre and Pete so everyone is aware and the recruitment paperwork should be crossing George's desk sometime later today or tomorrow morning!

If you are okay I'll connect with Marc and Chuck tomorrow to explain the "hold" on the solid waste position we were requesting and I'll also let Tracy know on the Grants Management Specialist. Thanks again for helping us get these two in the works!

Subject: RE: pool positions

Hello Molly – thank you so much for such a quick response by AoA and DHR for us on these two positions. Neither of the positions are supervisory and both are to be limited service. One is an [Environmental Scientist II](#) for our Wetlands Program which is to be limited service for 1.5 years, and the other is an [Environmental Analyst IV](#) for the PFOA contamination related efforts underway and will be limited service for 1 year. They are both listed on the attached sheet (1st one listed and 3rd one listed) which has the Dept ID information, workstation location and the supervisor to whom each position will be reporting to (Laura Lapierre and Matt Moran respectively).

If there is anything else you need whatsoever please let me know and I'll work diligently to get the information provided. Thank you again Molly!

Subject: pool positions

Hi Joanna,
Maribeth just told me DEC has been approved for two positions from the pool, and asked me to reach out to you to help move this forward.

If you are creating positions in existing job classes we only need RFRs if they will be supervisory or managerial. Of course we are always happy to receive RFRs, but we can waive the requirement to help expedite the process.

We will need the dept id, and zip code as well.

Take care,
Molly
