Thank you again,

Just wanted to alert you that a dialogue around lead pipes has now sprung up on social media. People are suggesting to bring questions regarding these concerns to the upcoming community meetings.

We are working on some fact sheets and guidance re PFOA. Someone from VDH will be at both of the upcoming meetings. Please let us know if there are other ways we can be of assistance to you and your constituents. Lori Cragin, Director of Environmental Health, is the lead with this issue.

Best,

Harry
