Categories: PFOA

FYI:

For those using ANR Atlas, a new measurement tool "Add Radius" has been added to the ANR Atlas.

Linda/Mahfoud

In the Atlas, under the Measurement tab you'll find an "Add Radius" button.

Click this, it'll ask you to place a point on the map, you select the distance/units, then it draws.

Let me know how it works for you and if this is what you had intended.

Thanks,

-Erik
