Doug and John,

As discussed this morning, please compile notes on the relevant compliance and permit files so that I can prepare the requested memo for Heidi and the Commissioner.

You may mark your notes to me as Attorney Work Product/ Attorney Client Privileged.

Thanks,  
Megan

**Subject:** RE: Testimony

Thanks, Megan. I am out on Monday, so I won't be able to attend the meeting.

Alyssa, Chuck and I are all planned to testify. I think that questions directed to me will be focused on the list I provided—permit history, compliance history, and complaint history, including the list of chemicals we know they used (and those that were permitted for and covered by regulation.)

Thanks!

HH

**Subject:** RE: Testimony

Hi Heidi,

Jen Duggan just came by my desk and asked for similar information for Alyssa's testimony next week. John, Doug, and I have a meeting planned for first thing Monday to walk through the timeline of our dealings with ChemFab. I can add you to that meeting, if you 'd like.

Let me know if there is something more specific that you would like or if we could potentially prepare the same kind on content for you and Alyssa.

Thanks,  
Megan

**Subject:** Testimony

Hi, Doug, Megan and John,

I have been asked to testify next Friday to the legislature on PFOA. Could you help me pull together some talking points related the following:

History of permits and what chemicals regulated in permits

Compliance- inspections and actions

Complaints and odor studies

Other important points

Thanks! I'd just like to get this started before I return to the office. Thank you all for your help!
