Matt,

Could you help me out with this request?

Thanks,

Tony Marquis

Hi Tony,

I work at the Agency of Agriculture.

I suggest you contact someone at DEC.

I have cc'd a colleague there who should be able to direct you to the right person.

The governor was at the Vermont Press Association today. He mentioned a list of possible polluters he was investigating in the wake of the Saint-Gobain-North Bennington issue.

I'd like to request that list.

Let me know if I should contact another person or office for my request.

Thanks,

Tony Marquis
