AUTHORIZATION TO CONDUCT NEXT FLOOD MEASURES

Pursuant to Section F of the Vermont Stream Alteration General Permit

Project Number: **SA-05-038-2015 Chester Martens Bank Stabilization** **NRCS EWP # CHES11-008**
Applicant Name: John Martens Contact: John Martens
Mailing Address: 2033 Route 11, Chester, Vermont 05143 Phone: 802-875-3075
Project Location: Behind Martens Residence Middle Branch of Williams River Email: n/a

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This project authorizes after-the-fact bank stabilization following T.S. Irene implemented in 2012 and further bank stabilization after July 28, 2014 flood to be implemented in 2015 to protect the residential structures.
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit – Next Flood Measures.
3. The proposed activity will meet the terms and conditions of Section F of the General Permit provided:
 - a) The project will be completed and approved as shown on the April 2012 plan, prepared by the NRCS, and revised 9/3/15 by Todd Menees as approved by the Vermont Agency of Natural Resources as attached herein.
 - b) The project is proportional to the threat and conditioned to cease when the threat to life or to improved property has ended.
 - c) The project will not result in a threat to life, public health or safety.
 - d) The project will meet the standards detailed in subsection E.2.1 and E.2.2 of the General Permit.
 - e) The project will meet Stream Alteration Standards to the greatest extent possible.
 - f) A pre-construction meeting is held between the contractor, owner/applicant, and the ANR River Management Engineer.
 - g) The River Management Engineer is notified by phone or email when construction begins and when the project is complete.

If there are any changes in the project plan or deviation in construction from the plan, the Permittee must notify the River Management Engineer immediately.

If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

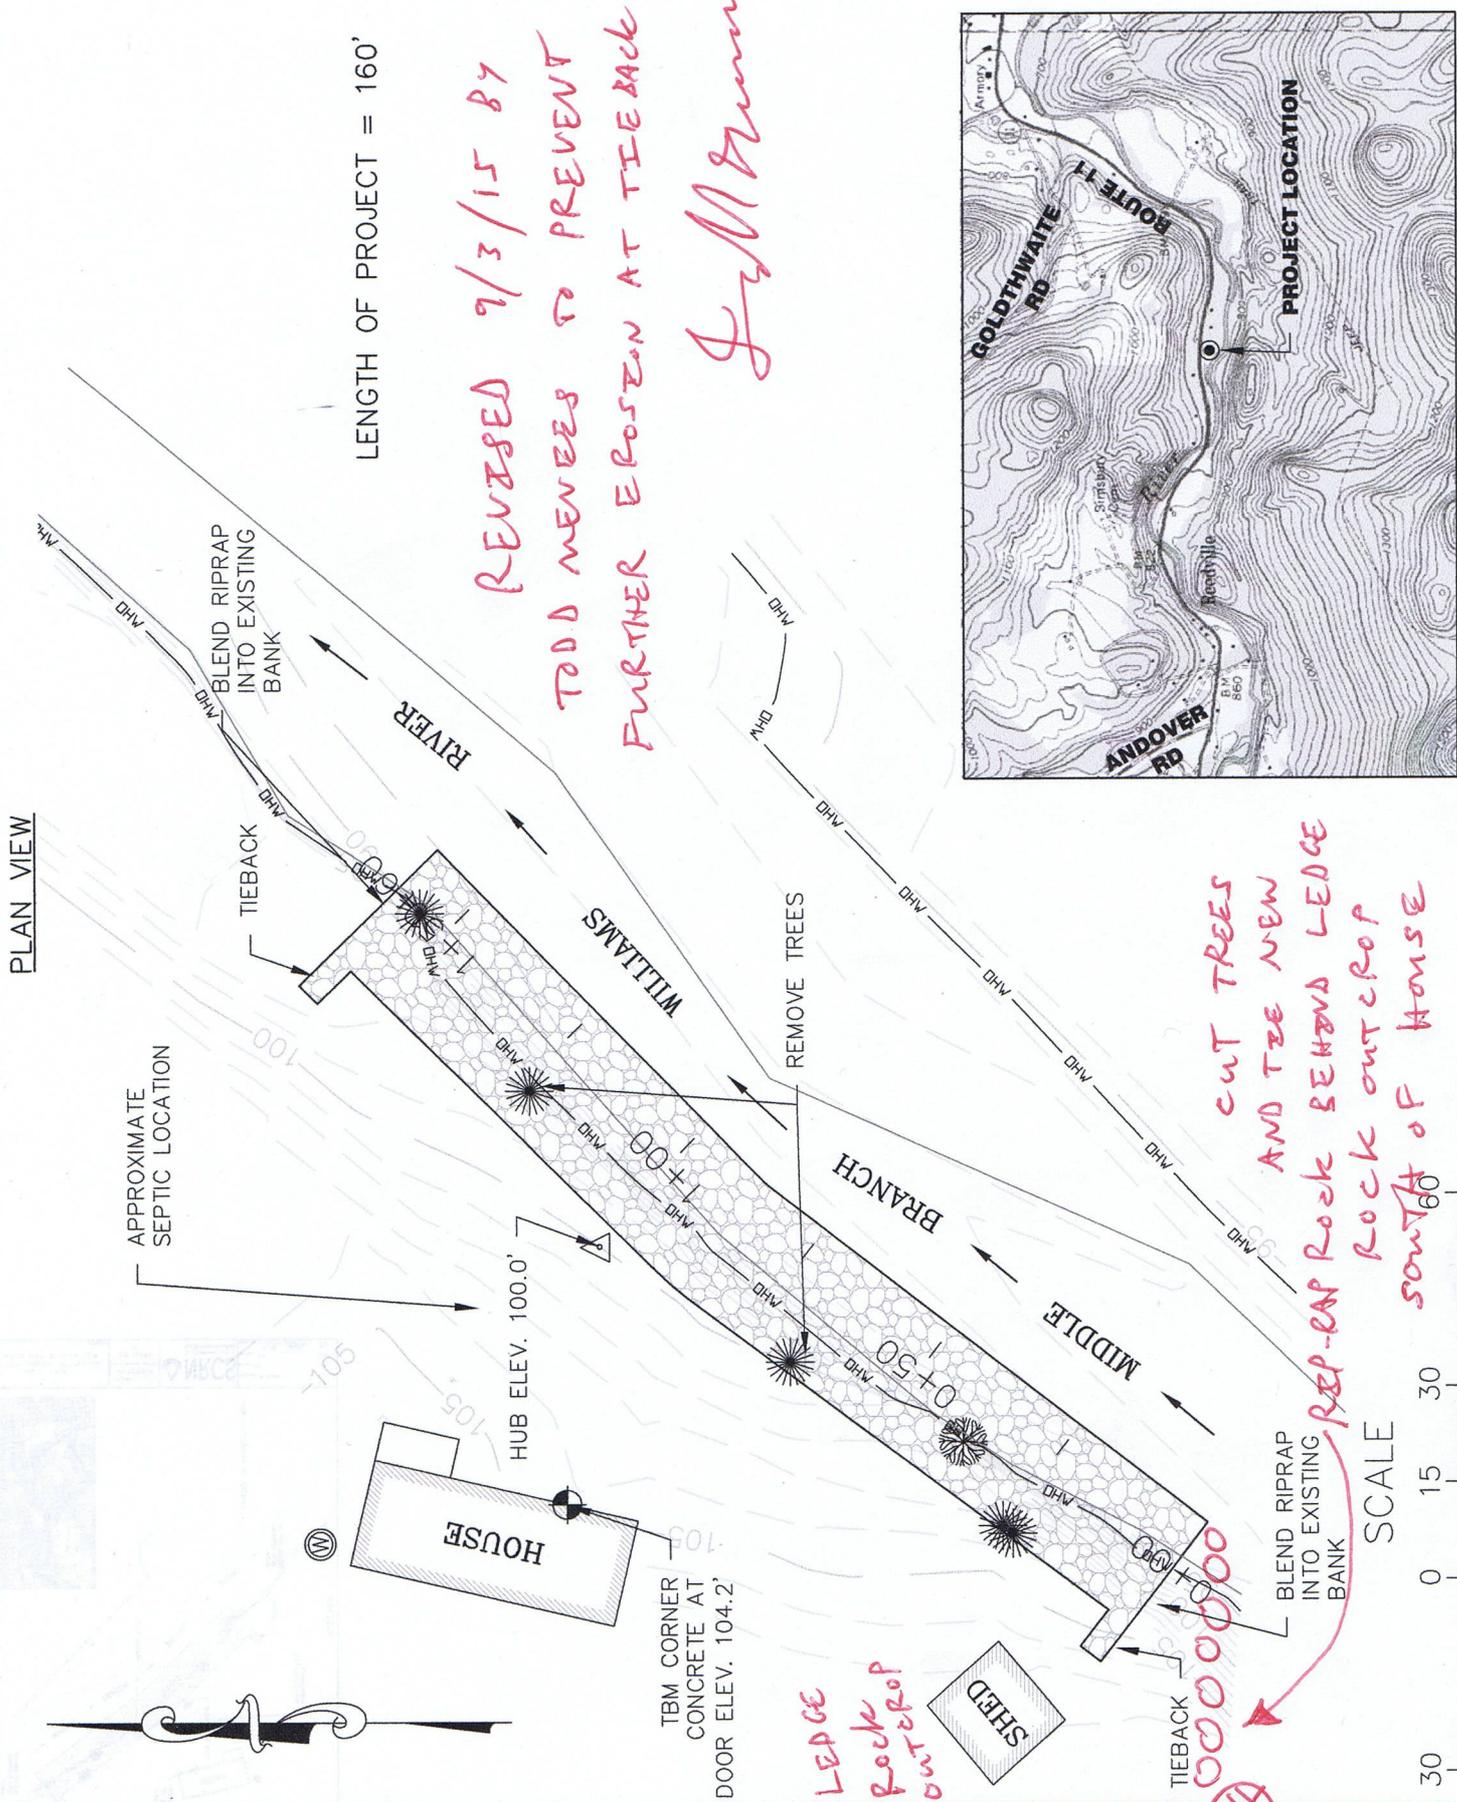

Signed this 23rd day of September, 2015
Alyssa B. Schuren, Commissioner
Department of Environmental Conservation

This permit expires October 1, 2016.
