**AUTHORIZATION TO CONDUCT STREAM ALTERATION ACTIVITIES**

Pursuant to Section C.2.2 of the VT Stream Alteration General Permit (Reporting activities not requiring an application)

Project Number: SA-04-002-2015

Applicant Name: Don Harrington

Mailing Address: POB 2265, South Burlington, 05407

Phone: 802-363-3120

Project Location: 474 Mountain View Road, tributary to Winooski River

Email: donharrington61@gmail.com

The Secretary of the Vermont Agency of Natural Resources (VT ANR) has determined that:

1. This authorizes the replacement of existing 30" culverts with a new precast concrete box 6' wide x 4' tall with 18" submerged below stream bed resulting in a hydraulic opening 6' wide x 2.5' tall.
2. The proposed activity is eligible for coverage under the VT ANR Stream Alteration General Permit.
3. The proposed activity will meet the terms and conditions of the General Permit provided:
  - a) The project will be completed as shown on the plan dated "last revised 01/18/2016 permitting only", TCE Project No. 13-099, Title Page, prepared by TCE, and approved by the Vermont Agency of Natural Resources.
  - b) The project will not adversely affect the public safety by increasing flood hazards.
  - c) The project will not significantly damage fish life or wildlife.
  - d) The project will not significantly damage the rights of riparian owners.
  - e) The project will not obstruct the movement of aquatic life indigenous to the waterbody beyond the actual duration of construction.
  - f) The project is conducted in a manner which minimizes or avoids any discharge of sediment or other pollutants to surface waters in violation of the VT Water Quality Standards.
  - g) The ANR River Management Engineer is notified by phone, text or email when construction begins and when the project is complete.
  - h) In-stream working dates for all GP activities are from June 1<sup>st</sup> through October 1<sup>st</sup>; any in-stream work outside these dates will require an Individual Stream Alteration Permit authorization by the River Management Engineer.
  - i) This authorization has been posted for three days public comment. This authorization constitutes final approval.

If there are any changes in the project plan or deviation in construction from the plan, the Permittee must notify the River Management Engineer immediately.

If the project is constructed as you have described, as shown on the above referenced approved plans and according to the above conditions, there is no reason to expect any violation of Vermont Water Quality Standards.

Signed this 18th day of February, 2016  
Alyssa B. Schuren, Commissioner  
Department of Environmental Conservation

This permit expires October 1, 2016.

by:   
Chris Brunelle, River Management Engineer
